## NOTICES.

Kimball Union Academy is situated in Meriden *Parish*, Plainfield, N. H. The Post Office address is Meriden, N. H. The nearest depot on the Northern and Vermont Central Railroad is at Lebanon, seven miles distant; the nearest on the Sullivan, and Roads connecting south, is at Claremont, or Windsor, Vt. A daily stage leaves Claremont in the morning, and Lebanon in the afternoon, for Meriden, on the arrival of the cars. An extra stage usually runs from Windsor on the day before the commencement of each Term.

The Institution was incorporated in 1813. The net amount of its fund is about $50,000.

The government and instruction of the students are committed to five *permanent* Teachers—three gentlemen and two ladies with other assistants, as they may be needed. A full hour at least is given to every important recitation.

A very extensive and valuable *Apparatus* is provided, sufficient for lectures and illustrations in Chemistry, Natural Philosophy, Astronomy, Practical Surveying and Civil Engineering; with Outline Maps and Charts for Geography and History, together with a handsome collection of Minerals and Shells.

☞ Students will not be excused to be absent in term-time without urgent reasons; nor to leave *before the end of the Term*, unless it is *absolutely necessary*. Parents and guardians are earnestly requested to make such arrangements that absolutely no absences shall be necessary, not even over the Sabbath. A single absence is always attended with a great loss—habitual absence is fatal to improvement.

Diplomas will be awarded to such, in either department, as complete the full course of studies, with the seal and official signature of the Institution.

Tuition is to be paid always *in advance* to the Treasurer. No deduction except in cases of sickness.

☞ Applications for teachers, ladies or gentlemen, for Summer or Winter schools, if sent early, will be promptly attended to.
